Do you track your competition score's?

All competitors are encouraged to keep track of their own scores as the competition year progresses. Score sheets have been uploaded to the Yahoo syrcam web site- they are under the files section and have "workbook" in the title; they are in Excel spread sheet format.

In addition, I can email the same files to any club member. Send me an email (llevy1@twcny.rr.com) and put "SCC score sheet" in the subject box, without the quotes. They will be in Excel spread sheet format.

If there are discrepancies, please let me know as soon as possible.
